United Through Football: Community Clinic

Amherst Soccer Club/Hampshire United SC will be sponsoring a clinic next week benefitting "United Through Football" (run by Coach Olf) which is a non-profit that focuses on helping teach children around the world the game of football (soccer). In underdeveloped nations, along with teaching football, and giving soccer gear and equipment for children to use, they provide communities with solar lanterns for their homes and schools which is also a major part of the program.

Next week, the United Through Football will run a clinic, to raise awareness, money and promote community.

This clinic will be broken in into 2 phases: Ball mastery and Speed/agility with fun team and community bonding activities. Coaches and volunteers will be: pro, NE Revolution Academy, college coaches, and some D1 athletes.

United Through Football believes every child deserves the opportunity to dream, enjoy the game and learn from it regardless of HIS/HER socioeconomic status. Football transcends race, gender and social status. Together we can make sure children who cannot afford enjoy the game, get an opportunity too.

As we hope to share the game with children in our communities. We also look to remind everyone that the game of football (soccer) is more than just a game and we can use it as a symbol for change while uniting people.

Their schedule for missions:

- Mexico Santa Ana Nichi, primary school and High school and a school for the blind. Nearly 120 students between all. Goal is to raise \$3-\$5k.
- Republic of Congo

UTF is of service to others and the best way we know how is by sharing our passion for the game starting in our own communities.

There will be United through Football merchandise available for donation to support the program.

If you would like to make a donation too United though Football go to:

<https://unitedthroughfootball.org/about>

Thank you for your support and we look forward to seeing our players there.
